**(Continued) NON-EXEMPT WATER WELL DRILLING PERMIT APPLICATION (Continued)**

The following documentation, attachments and fee payments must accompany this application when it is submitted for consideration by the District.

- a. Plat or map showing location of the property and location on property of well for which application is submitted.
- b. If owner and/or operator of well is different from property owner, provide written documentation from property owner authorizing construction and operation of this well.
- c. All the information and documentation required for the type and class of well for which authorization is requested by Section 8 of the District Rules and in particular that information and documentation required by Rule 8.5.
- d. Applications for non-exempt well authorizations must be accompanied by the information required by Rule 8.5, Section A 1(f) (a statement of the projected effect of the proposed withdrawal on the aquifer or aquifer conditions, depletion, subsidence, or effects on existing permit holders or other groundwater users in the District; in the case of non-exempt wells capable of producing over 7,000,000 gallons annually, a hydrogeological report by a licensed geoscientist or licensed engineer shall be submitted to evaluate these factors).
- e. Payment for applicable fees must accompany application. For an exempt well the applicable fee is the Well Log Deposit. For a non-exempt well the applicable fees are the Well Development Application Fee (\$75.00) and the Well Log Deposit. For a new non-exempt well the appropriate Operating Permit Application Fee (\$375.00 +\$750.00 if over 7,000,000 gal/yr) and, if applicable, the Transport Permit Application Fee must be included in addition to the above listed fees.
- f. Applications for new non-exempt wells must be accompanied by an Operating Permit Application and, if appropriate, a Transport Permit Application.

I, the undersigned applicant, hereby agree and certify that:

- a. this well will be drilled within 30 feet of the location specified and not elsewhere;
- b. I will furnish the District with a copy of the completed driller's log, any electric log, the well completion report and any water quality test report within 60 days of completion of this well and prior to production of water there from (other than such production as may be necessary to the drilling and testing of such well);
- c. in using this well, I will avoid waste, achieve water conservation, protect groundwater quality and the water produced from this well will be for a beneficial use;
- d. I will comply with all District and State well plugging and capping guidelines in effect at the time of well closure;
- e. I agree to abide by the terms of the District Rules, the District Management Plan and orders of the District Board of Directors currently in effect and as they may be modified, changed and amended from time to time;
- f. I hereby certify that the information contained herein is true and correct to the best of my knowledge and belief.
